Pleo's Alive and In Good Hands – Jetta Group Acquires Ugobe Out of Receivership

HONG KONG – Jetta Group acquired the assets of Ugobe and will be re-launching "Pleo" in the very near future. Jetta was a key partner with Ugobe and has been manufacturing Pleo since its inception. Established in 1977, Jetta has focused on product design, engineering and manufacturing an extended range of toy, consumer electronics, juvenile, robotic and gift products and is one of the most recognized engineering and OEM companies within the these industries.

Headquartered in Hong Kong, Jetta currently operates five production campuses in Guangdong, China which combined has over 4.5 million square feet of production floor space. At the forefront of the fast-paced toy and robotics industries, Jetta continues to strive for "excellence" and is pleased to add "Pleo" to its family. The Pleoworld.com website will be brought back on line in stages as Jetta works through the transfer process and re-establishes the proper relationships needed to support it. Meanwhile, thanks for your support and patience!
